

# How To Order Your Custom Parts

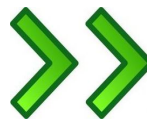

Follow these simple steps on how to get your custom parts from design to delivery.

1. Send a full scale drawing or blueprint in format .dwg, .pdf, .jpg... to our E-mail (sales@parts4world.com)  
Please include following informations:
  - a. Material (Brass, Aluminum, Mild Steel, Stainless Steel, POM...)
  - b. Surface Treatment (Polished, Anodized, Zinc-Plated, Nickel Plated, Chromium-Plated, etc.)
  - c. Estimated Order Quantity
2. Our engineer will check your drawing, then a reasonable price will be sent to you.
3. After you accept our price, we will make a sample for your testing.
4. After sample approved, we'll start to a mass production for your batch order, then delivery to you.

## RFQ

## Quote

## Prototype

Submit your RFQ & drawings to sales@parts4world.com
